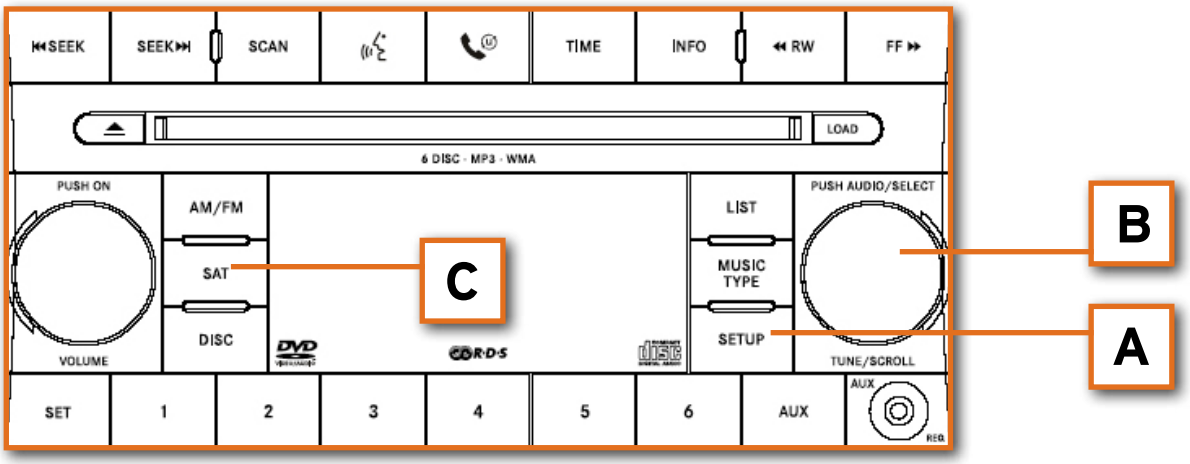
REQ Headunit Operations

"Scroll & Select"
(REQ RADIOS)



How do I access SIRIUS Backseat TV™?

- On the headunit (radio), press the SETUP [A] button.
- Use the TUNE/SCROLL [B] knob and scroll to VES Power Setting. This should read "On." If not, the power can be turned on by pressing this knob once
- Continue rotating the TUNE/SCROLL knob to the VES Ch1 setting. Push the knob until it reads "SDARV"
- For vehicles with 2 screens, continue rotating until you reach VES Ch2 and set the same as above
- Once complete, the radio will remember these settings
- Press the SAT [C] button. The SAT button toggles between SIRIUS Radio and SIRIUS Backseat TV. Toggle until SATV is displayed in the left-hand corner of the screen

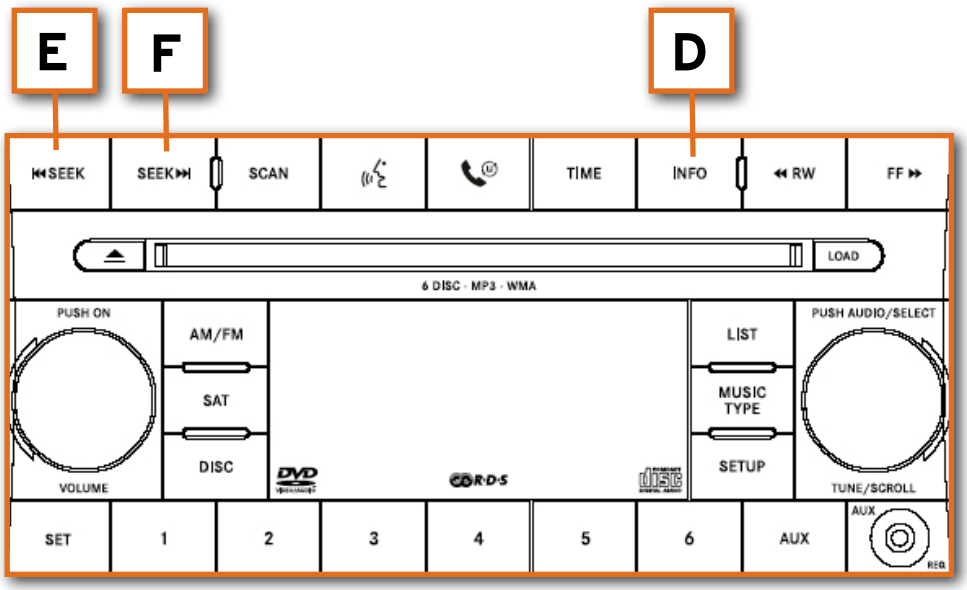
How do I access the ESN/SID?

- Press the SETUP [A] button
- Scroll down using the TUNE/SCROLL knob [B] until you reach the SIRIUS Video ID setting
- Push the knob and the ESN/SID will display

SIRIUS SATELLITE RADIO

CHRYSLER Jeep DODGE

REQ Headunit Operations



"No Signal" or "Acquiring Signal" Display Message and Deactivation Screen (N)

- "No Signal" displays when the receiver is not getting a valid video signal
- "Acquiring Signal" displays when the receiver is searching for a satellite signal
- Deactivation screen will display when the receiver needs to be reactivated

How do I view program information?

- The channel name is automatically displayed. Press the INFO D button to reveal the program name and rating
- Complete programming guide available at: sirius.com/chrysler/backseattv

How do I change the channel?

- On the headunit, press the SEEK left/right E F buttons

How do you control the audio?

- Front seat passengers can listen to other radio channels/CDs through the vehicle speakers while Backseat TV™ remains on in the backseat
- Push any other mode (AM/FM, SAT, Disc)
- The passenger in the backseat will now need headphones to hear SIRIUS Backseat TV audio
